WatchNET ACCESS

High Security Proximity Tag

WAC-EMT-SIT

Description:

WAC-EMT-SIT is a high security and very useful non-contact Proximity tag without any drivers. It can easily identify and is compatible with only Watch*NET*'s readers, which uses technology developed by 125KHz. It is dust and moisture proof, and is fully sealed. Without close proximity, the tag helps to penetrate through non-metallic objects and has high receiver sensitivity.
